PIG® Drain Insert #FLT638

Sold as: 1 each

Keep sediment and oil out of your drains and catch basins to help you comply with stormwater regulations. The PIG® Drain Insert hangs underneath your grate to collect contaminants before they enter your water system.

Product Description

- 18"-deep accumulation pocket collects sediment and oil; geotextile fabric allows stormwater to flow through
- Excess flow ports help avoid blockage during periods of high water flow
- Below-grate design won't get damaged in high vehicle traffic areas
- Excess fabric around grate edges can be left in place for extra grip when replacing grates; can also be trimmed for a neater appearance
